FC Chair, Carol Norman, called the meeting to order at 4:00 pm.

The council discussed the logistics of preparing a ballot for Faculty Council elections for the 2011/2012 academic year. The process has been complicated by the recent changes to the composition of the Faculty Council resultant from its restructuring and the imposition of term limits to its members. Those present seemed in agreement, though, that the process can be completed within the next week.

With much work left to do in order to get ballots distributed by 31 March, but with no additional discussion about said work being necessary, the meeting was adjourned at 4:53 pm.

Respectfully submitted,

Powell Franklin, secretary
