We are no longer reporting Covid-19 numbers to the Tennessee Board of Regents.
- **Campus Communication**

The Pandemic Response Team had no negative feedback or points of clarification to discuss on the campus message sent April 29, 2021.

***From:** McCommon, John <jmcccommon@jsgc.edu>*
***Sent:** Thursday, April 29, 2021 1:29 PM*
***Subject:** Update on Covid-19 Reporting and Campus Screenings*

Colleagues-

The Pandemic Response Team has made the decision for the campus to move to a Level One Campus Access as of May 1. As a result, campus visit screenings for employees, students, and guests will no longer be required and this information will be removed from the JSGC homepage after April 30.

For complete guidance on the move to Level One, please review the attached document. It should be noted that masks and social distancing practices will still be required on JSGC campuses. Updates will be provided as guidance evolves.

Please address any questions or concerns that pertain to your specific functional area with your immediate supervisor. We are all encouraged with the progress that has been made with the dedicated response of all JSGC employees and students. It is our goal to resume "normal" operations by August 2.
- **Transparent Masks**

A hold has been placed on ordering transparent masks for now. We will revisit the order in mid-summer when we have a better feel for where things stand with the mask mandate.
- **Guidelines for health and quarantines**

As always, if you are sick, please stay home. If you or a family member are diagnosed with Covid-19, please report the illness or exposure. JSGC will continue to follow the isolation and quarantine guidelines provided by the Center for Disease Control and Tennessee Department of Health.

Students and employees working in clinical settings will follow the clinical site guidelines for isolation and quarantine for that location. If coming to campus, they will follow JSCC's guidelines.
