

Strategic Planning Committee
February 21, 2022
10:00 a.m. – Noon
Foundation Board Room and Zoom Option

Attendees:

Dr. George Pimentel
Dr. Kyle Barron
Dr. Tom Pigg
Dr. Liz Mayo
Patti Tanski-Mego
Erin Delle
Christi Tall
Terri Messer
Dr. Patrick Davis
Kim Warren-Cox
Dr. Anna Esquivel
Sara Youngerman
Dana Nails
Preston Turner
Will Shull
Dr. Paul Morgan
Sheila Reese
Jeanette Burton

Absent:

Kim Benson
Tim Dellinger
Melissa Lyles
Robin Marek

Dr. Pimentel began the meeting by sharing a few draft goals for the group to review. (Draft goals are attached.) He asked each table to review the draft goals and discuss. Below is an overview of the updated draft goals based on conversation and supported across the committee. Language may need to be reworked so student, staff, faculty, and community clearly understand each goal. Dr. Anna Esquivel and Dr. Liz Mayo volunteered to assist with language development of each goal.

Open Access:

- JSCC will provide equitable education opportunities through multiple modalities that support academic and professional goals of our diverse community.
- JSCC is committed to improving the development and use of fiscal resources.

Completion:

- JSCC is committed to improving student retention and success.
- JSCC will identify and remove barriers to completion for students across demographic groupings.
- JSCC is committed to providing the supplemental academic support needed to enable all of our students to be successful.

Community and Workforce Development:

- JSCC will develop capacity in instruction to meet the increased needs necessitated by economic expansion in the college's 14-county service area.
- JSCC will improve community engagement by hosting open events on campus.

After wordsmithing by Dr. Esquivel and Dr. Mayo, the goals will be sent back to the committee for review. Once finalized, we will have a larger meeting with director level and above to gather input on goals and strategies. SGA and community partners will also have the opportunity to review as well.

As we move forward, not all departments will have a strategy under each goal. Also, do not let cost be a barrier for developing a strategy. The college will have to decide the priority on funding and will focus on strategies that help move the need the most toward achieving each goal.

Open Access

1. JSCC will increase participation levels of the diverse communities in its service area with particular attention given to underrepresented minorities, underserved populations, and other targeted subpopulations.
2. JSCC will increase opportunities to access higher education through its institutional advancement efforts.
3. JSCC will increase participation in higher education and workforce development through the use of distance education technology.
4. JSCC is committed to improving the development and use of fiscal resources
5. JSCC is committed to providing educational opportunities that support the diverse academic and professional goals of our students.

Completion

1. JSCC is committed to improving student retention and success.
2. JSCC will identify and remove barriers to completion for students across demographic groupings
3. JSCC will improve graduations rates in sub-populations by 15% by 2025
4. JSCC will improve pass rates in ATD gateway programs
5. JSCC will improve number of qualified applicants in ATD Gateway course by X
6. JSCC will improve retention rates in Co-Requisite Courses by X
7. JSCC will improve fall to spring retention rates.
8. JSCC is committed to providing the supplemental academic support needed to enable all of our students to be successful.

Workforce and Community Engagement

1. JSCC will improve community engagement by hosting open events on campus.
2. JSCC will improve name recognition and branding across the service area.
3. JSCC will identify and expand opportunities for prisoners to decrease recidivism
4. JSCC will increase workforce hours by X
5. JSCC will identify areas in the service area that are underserved.
6. JSCC will investigate and expand appropriate advisory boards for degree programs.

7. JSCC is active in our communities providing opportunities for creativity, collaboration, and learning.
